

IDAHOANS MYSTIFIED OVER A RAILROAD

Are in the Dark Regarding the
Line Being Built to
Salmon.

THREE SURVEYS HAVE BEEN
MADE FROM LATTER POINT

This Indicates Actual Construc-
tion West, but No One Knows
Who Are Builders.

BY C. E. ARNEY.

Special to The Tribune.
BOISE, Ida., March 12.—No one topic is more mystifying to Idaho people than the Pittsburgh-Gilmore railroad. It begins at Armstead, a few miles west of Dillon, Mont., and extends to Salmon, or at least it is building to Salmon as rapidly as possible. From Salmon a line has been surveyed with great care up the Salmon river for a distance of ninety miles, and the character of the work done, the outfit of the surveyors and the thoroughness of their attention to detail indicates entire permanency, such as would lead to the belief that actual construction was to follow on from Salmon. In other words, there is nothing of a temporary character about the work being done by the surveyors.

After passing Challis with this detailed work, the party of engineers, twenty-seven in number, passed over the divide on the headwaters of the Wood river, above Hailey, and worked down that stream until the heavy snows of that high altitude prevented their further progress. From there they removed to the lower altitude of Emmett in Canyon county and began at once the work of surveying both ways from there, toward the Hailey country to the east, and the coast to the west.

This work continued every day during

ECZEMA TWENTY YEARS CURED BY AN OIL

No matter if you have suffered for 20 years or 20 years, as druggists know that your itch can be cured in one day, and that sooner or later—perhaps very soon—your skin will be as clean and pure as ever.

Wash your skin with a simple compound, the mild soothing oil of wintergreen, thymol, glycerine compound known as D. D. D. Prescription.

The first day, the first night of restful sleep will prove to you that we make no foolish exaggerated claims. Eczema sufferers must recognize that we certainly would not make such claims, if within a few minutes after trying the remedy you could prove us wrong; we KNOW the itch is allayed at once.

While we have always sold D. D. D. Prescription at \$1.00 a bottle, we do feel that everybody ought to be convinced at once. So we have arranged with the D. D. D. Laboratories of Chicago for a special offer—for the present—a trial size bottle at only 25 cents (for those who have never tried the remedy).

Schramm-Johnson drugs. Five stores.

the winter months, and partook of the same careful detail nature as did that on the Salmon and the Wood rivers.

Buy Shovels and Lanterns.

Judge Harry of Worthman said to me yesterday:

Two of these surveyors came to Boise with me today and their crew is a mystery to us up in the Emmett country. They stopped their surveying yesterday and came to Emmett and ordered 400 shovels to be sent to the Horseshoe Bend country and 184 lanterns. Mr. Hawkins, our hardware merchant, filled these large orders, and today this unusual consignment went up to Horseshoe Bend with a freight outfit.

Over in Dillon, Mont., the city guaranteed to a representative of the road last week the sum of \$10,000 as a bonus to build the line from Armstead to Dillon. This offer was made to an attorney from Pittsburgh named John R. Wheeler, but it is uncertain whether Mr. Wheeler himself is aware of the interests governing the new line of road.

Before taking his departure for Pittsburgh, following the assurance of the above named bonus, Mr. Wheeler stated

that his best judgment led him to the belief that the road would be extended from Armstead to Dillon early during the present summer, but that as to this, he would know definitely on his return from his eastern trip in the course of two weeks.

Means Much for Idaho.

Assuming the road to be built along the country worked over by this surveying party, and it means much for Idaho. It would traverse one of the richest undeveloped areas of the entire west. Throughout its course it would encounter the best mines and prospects of Lemhi, Custer, Blaine, Elmore, Boise, Ada and Canyon counties, together with vast timber belts, rich grazing grounds and extensive acres of irrigable lands, close to water and susceptible to production of the finer grains, grasses, vegetables and fruits.

Some are inclined to the belief that the road is backed by Hill. Others regard it as a Northwestern line, while many believe it to be the result of chiefly Pittsburgh capital, which is entering the railroad building business in this unoccupied attractive field of abundant undeveloped resources.

If this should prove to be a new trunk line, or a connecting link giving to southern Idaho another transcontinental railroad, it would add millions of money and thousands of population to our state within a very short space of time.

Dies in Oregon.

Word was received here yesterday of the demise at Portland of H. L. Day of Wallace, Ida., the father of Hon. Harry L. Day of Wallace, Senator Jerome J. Day of Moscow, Eugene Day of Wallace, and Mrs. Ed Boyce of Portland.

The Day family is well known throughout Idaho. Harry L. Day, Jr., is the president of the Horseshoe Bend country, one of the richest silver-lode mines of the west, in which the entire Day family is heavily interested. He is also the owner of the Wallace Times, one of the big daily papers of north Idaho.

As indicated soon after the first of the year, in an article I wrote announcing

Orrine Cured Him of DRUNKENNESS

Her Husband Now Spends His Even-
ings at Home.

She bought Orrine from the druggist in her home town—she bought it after reading the Orrine-Free Booklet. In the Booklet she read of the wonderful cures of drunkenness which were accomplished by the aid of Orrine. On page ten of the Booklet she read the liberal guarantee to refund all money paid for Orrine if it failed to effect a cure. After reading the Booklet she became convinced that Orrine was remedy of unusual merit. She decided to purchase it and cure her husband of drunkenness. Orrine cured him. Now she is a happy wife in a happy home. Orrine helped to purchase the home. Read the following letter from Walter K. Schmidt Co., 84 Canal St., Grand Rapids, Mich.:

"For a number of years we have been agents for Orrine. During that time we have had occasion to be convinced, beyond a doubt, that Orrine is a reputable remedy, worthy of recommendation. One of the many cases coming to our attention was that of a man named John O'Connell, who had not taken a full pay envelope home for over five years, was induced to try Orrine, a complete cure being the result. The man became worth more to his firm, receiving an advance in pay, and has purchased a home. The house stands there showing the merits of Orrine. We cannot help but feel that we were most fortunate when we secured the agency for this reliable liquor cure. Orrine is prepared in two forms. No. 1, a powder, absolutely tasteless and odorless, given secretly in food or drink. Orrine No. 2, in pill form, is for those who wish to cure themselves. Orrine costs only \$1 a box. The guarantee is in each box. Write for Free Orrine Booklet (enclosed in plain sealed envelope) to Orrine Co., 775 Orrine Building, Washington, D. C. Orrine is for sale in this city by Drug Co., Second South and Main, and Druehl & Frank, 271 South Main. They know Orrine is a reliable and efficacious remedy for drunkenness and they will not offer you a substitute.

City Creek Gazoot Promises to Print Some Things About Some Folks Heretofore Held Unprintable

Sensations are expected when the initial issue of the City Creek Gazoot, the Elks' official publication, makes its appearance in Salt Lake. Professor Dippie of Kokomo, Ind., in his private car, "Franklin," who arrived in Salt Lake a few days ago to take charge of the editorial end of the near-journal, announced Saturday that he had found some conditions existing in Salt Lake that he intends to expose in the Gazoot. Professor Dippie declared in an interview Saturday that "Franklin" of Chicago fame was an amateur compared with some of the alleged prominent men now operating in and upon Salt Lake. Dippie has had a force of detectives busy gathering evidence for some weeks past and he promises to make an exposure of conditions that will make the San Francisco graft inquiry pale into insignificance.

There is a number of "higher-ups" who are scheduled to be placed upon the gall and toasted to a possum brown. Professor Dippie has steadily declined to announce who the victims are, but he announced that the Gazoot will start the city with its vivid presentation of conditions in Salt Lake's political world.

The City Creek Gazoot is a fearless publication that is said to be devoted to the moral betterment of the world at large and Salt Lake's political circle in particular. Incidentally, the Gazoot is being hard for "The Big Noise," a production to be given at the Salt Lake theater, March 24-25. The show will be given by Salt Lake Elks.

Impressario Rufus K. Love has a stunt in his production that will be novel in the extreme. Two years ago Broadway was started by a snowball battle in a theater, in which the actors and spectators took part. Love has arranged with A. Fred West, C. S. Holmes, Sam Porter, John Condon, Louis Mehe and other Salt Lake bonifaces for a heavy supply of codfish balls, and the "ball battle" promises to be one of the hits of the piece. Each person attending "The Big Noise" will be provided with three codfish balls and the actors and actresses will be fully equipped. As a special attraction, Sam Sherrill and R. F. Roeman have been signed up to expose their classic counterfeits for the edification of the spectators. There is no extra charge for this.

A SALE and SHOW of EASTER GARMENTS

In readiness for Easter—Hundreds of beautiful suits and gowns. Never were women's clothes so artistic or so becoming. Never have we provided more liberally for your choosing. Out of the hundreds of suits, however, three lines stand pre-eminent. So we feature for all next week.

Fetching Models of 1910 Suits at \$19.50, \$25.00 and \$35.00

At their respective prices, these suits are unquestionably the best in the city. Why? Because 42 merchants combined in going to market. Their combined buying power attracted makers who were willing to put better material and workmanship, plus style, into suits, than you can usually find at these prices.

Here is the printers' ink story about the suits. Will you confirm it by a personal visit?

At \$19.50

"Bread and Butter" suits for practical, sensible wear, yet brim full of style. Proper 34-inch semi-fitted coats, peau de cygne, silk serge and foulard lined. Mannish collars of self material, some of moire, others of foulard. Pleated skirts. Materials are a splendid quality of firm French serge, sharkskin, worsted, melange and mannish mixtures. Blue, rose, tan, champagne, navy, reseda and black.

Worthy of a paragraph by themselves are these smart white serge suits. All white and white with black stripes. Some severely plain, others collar and cuff trimmed with black moire.

At \$25.00

The backbone of our suit business for years has been these suits at \$25 and both in value and variety the assortment this year is better than ever.

The suits show the new short coat, 34 or 36 inches, semi-fitted or in the Russian blouse (modified) styles. Coats are single-breasted with long rolling and mannish collars. Skirts are single-breasted. Materials are French serge, imported tweeds, diagonals, worsteds of finest texture. Some trimmed in silk and moire, a few in braids, many plain. A smart effect is gained by collars and cuffs trimmed in dotted foulard. Colors are navy, reseda, light, medium and dark gray, tan, champagne, Copenhagen, electric and black.

At \$35.00

Choose from practical, severely tailored suits of finest materials or elaborately trimmed suits for dress wear.

A particularly stunning model is a three-piece suit after Francis Beer, the Paris designer of tailored suits. A one-piece dress with lace yoke has waist and skirt beautifully trimmed in self colored silk braid. The collarless, three-button coat is 32 inches long, fashioned in the cutaway effect. Elaborately trimmed in self colored silk and braid.

Many other suits in straight front, semi-fitting styles, Russian blouse and modified blouse effects. Diagonals, serges and nobby mixtures, silk and satin lined. All colors and black.

COME, SEE THE NEW WAISTS

Lingerie Waists

Over 40 styles in a delightful assortment of lawns, batiste and soft, sheer Swisses.

Open front and back styles. Some with pretty finished front of fine Swiss embroidery. Others trimmed in Val and Venice lace and insertion. \$1.35 to \$6.95.

The cleverest conceits of the world's best waist makers await your approval. Copies and adaptations of foreign models—at less than 1-3 the price—are here in tailored, lingerie, net and silk.

Tailored Linen Waists

20 styles in severely tailored, pleats, tucks or more elaborate styles. Button on sides, down back and front. All of pure white linen. \$1.75 to \$7.50.

Net Waists

Dainty net waists, light as air, in a variety of styles. Trimmed in Val and Venice lace. White and cream. \$3.95.

Silk Waists

Silk Waists for every dress or practical purpose. Plain tailored and fancy styles, including the new frill front. Mes-saline, Jap silk and plain and changeable taffetas in plain, stripe and Persian designs. All colors and black and white. \$3.50 to \$8.95.

Odd Size Suits for Large Women

Because you are a large woman is no reason why you should confine yourself to black for we now have suits in your size in all materials and colors. Same styles and prices, too.

All sizes, odd and even, from 39 to 49. Prices are \$18.50, \$22.50, \$24.50, \$28.50 and by the same easy jumps to \$52.00.

New "Belt Dresses" and Other Styles

So popular have these copies and adaptations of Paquin's "Belt Dress" become, that we have had hard work keeping them in stock. New shipment—together with many new styles never before shown—now in, however, so you may choose freely for Easter.

Most of the dresses have lace yokes and belt effect. Some with regular, others with Gibson sleeve styles. Plain pleated, tunic and trimmed skirts. Come in cloth of gold, pongee in natural and colors, messalines and taffetas in changeables and plains, and checks and stripes.

Prices \$12.50 by easy graduations to \$32

Exclusive Novelties

With the growth of the suit store comes a demand for exclusive novelties. Therefore, these suits after imported models from Worth, Beer and Baldin.

Only one of a kind in voile and handsome silk aeolian. Severely tailored or elaborately trimmed and embroidered.

Reseda, rose, copper and black.

Prices \$50 to \$110

A perfected and enlarged alteration department enables us quickly to deliver all garments.

Headquarters for Nemo Corsets Showing the New 1910 Models

Before having your Easter gown made, be sure you have the right corset. For without the right corset the work of the finest modiste is wasted, and the loveliest gown thrown under an eclipse. Women who realize the pre-eminence of "line" in this season's styles will choose the Nemo Corset.

We feature Models at \$3.50 and \$5.00

No. 502

The X-Spender Corset for medium and slender figures. The X-Spender feature insures a glove-like fit with absolute comfort. Has the new crossed hose supporters, long skirt effect, made of fine white coutil. \$5.00

No. 320

Self-reducing Corset with flattening back for the tall, stout woman. Hips and back are comfortable; flattened by broad bands that are held down by hose supporters. Made of white coutil; light weight. Sizes 19 to 31—Price \$3.50

Style No. 314 Self reducing corset for the short waisted stout woman, short under arm, long below the waist line, low bust. Made of white. Sizes 19 to 35. Price \$3.50

No. 522

As illustrated is the latest and most important invention in corset making. The model is "Self-Reducing," and its feature is a most ingenious figure-reducing device called the "Lastikops Bandlet," a great improvement over all relief straps and bands.

The "Lastikops Bandlet" enables you to lace as tightly as you wish without the slightest danger; will give you the fashionable slenderness without discomfort.

Unquestionably the best corset for all average and stout figures, medium bust, long skirt effect, the new Lastikops bandlet, six Lastikops hose supporters, made of fine white coutil. Sizes 19 to 35. Price \$5.00

No. 522 SELF-REDUCING LASTIKOPS BANDLET

\$3.50

Newest Spring Woole and Silks at a Savings

First, because they are best, come these:
